

ORIGAMI LIFE

Welcome to what is probably the most versatile construction you are ever likely to come across – The Origami! Designed for simplicity, ease and style these structures can fulfil every need from a Home to a work place. Delivered as a 6.4 m x 2.4 m lorry load they can be off loaded with a small crane or tele-handler onto a level prepared surface (don't forget to put in some services!), expanded to 6.4 x 6.4 m and connected up in just 2 hours – all ready To Go!!

Delivered complete with Kitchenette and Shower Room these have to be the quickest, simplest and most cost effective purchase you are ever going to make. Regularly maintained they can have a life of many decades. Priced at £68,000 (additions to the Specification will incur extra charges) these make an ideal alternative to the ever increasing cost of standard bricks and mortar.

So what's included in the price?

A complete structure with double glazing, guttering, full insulation, kitchen, bathroom, internal electrics and plumbing, delivery and assembly.

Eco-friendly with an incredibly low carbon footprint and easily re folded and relocated elsewhere, leaving very little trace these could well be the solution to a greener building programme.
